Objective To be part of a team that strives to produce innovative solutions and to work in an environment that facilitates creativity and growth.

Education Bachelor of Science in Computer Science June 2005
Portland State University, Portland, Oregon

Experience Application Developer at Marcus and Millichap 3/06 - 1/09

- Designed, prototyped and was lead engineer on a team of four which built an interactive JavaScript/C# application that searched properties and displayed results on an embedded Google Map.
- Gathered requirements, designed and was lead engineer on a team of three which built an ASP.Net/C# web application for secure file sharing. Was responsible for maintenance and released several enhancements for the application, which, as of 1/09, was regularly used by over 650 people.
- Built application resources, developed interfaces, and integrated a SOAP mapping service in a desktop application for generating marking packages. Was responsible for building and releasing this critical application to over 3,000 people.
- Streamlined processes for bug tracking, testing and release.
- Held several technical interviews.

Senior Project - LSI Logic 11/04 - 3/05

- Worked on a multi-user, project management system for the writing and archiving of intricate technical documents. Contributed to the architectural design and designed and implemented database and accessing class.
- See <http://jessentials.sourceforge.net/> for more information.

Web Developer at Discovery Community Church 7/02 - 2/05

- Designed, developed and maintained the church's website.

Web Developer at Seventh Lab 6/01 - 8/01

- Developed a web application for tracking software bugs.

Specialties

- C#, Java, C/C++, XHTML/HTML, CSS, JavaScript, ASP.Net, PHP, AJAX, XML, RSS, SOAP, NSIS, Perl, Assembly and ActionScript
- SQL (SQL Server/PostgreSQL/MySQL) and database design
- Skilled in GIMP/Photoshop with a detailed eye for visual design
- Familiar with web standards and microformats
- Proficient in UNIX/Linux and Windows

Awards Awarded a CSEMS (Computer Science, Engineering, and Math Scholarship) scholarship from the National Science Foundation.
